CAUTION REGARDING FORWARD-LOOKING STATEMENTS

In this document and in other documents filed with Canadian regulatory authorities or in other communications, Laurentian Bank of Canada may from time to time make written or oral forward-looking statements within the meaning of applicable securities legislation. Forward-looking statements include, but are not limited to, statements regarding the Bank's business plan and financial objectives. The forward-looking statements contained in this document are used to assist readers in obtaining a better understanding of the Bank's financial position and the results of operations as at and for the periods ended on the dates presented and may not be appropriate for other purposes. Forward-looking statements typically use the conditional, as well as words such as prospect, believe, estimate, forecast, project, expect, anticipate, plan, may, should, could and would, or the negative of these terms, variations thereof or similar terminology.

By their very nature, forward-looking statements are based on assumptions and involve inherent risks and uncertainties, both general and specific in nature. It is therefore possible that the forecasts, projections and other forward-looking statements will not be achieved or will prove to be inaccurate. Although the Bank believes that the expectations reflected in these forward-looking statements are reasonable, it can give no assurance that these expectations will prove to be correct.

The Bank cautions readers against placing undue reliance on forward-looking statements when making decisions, as the actual results could differ considerably from the opinions, plans, objectives, expectations, forecasts, estimates and intentions expressed in such forward-looking statements due to various material factors. Among other things, these factors include: changes in capital market conditions, changes in government monetary, fiscal and economic policies, changes in interest rates, inflation levels and general economic conditions, legislative and regulatory developments, changes in competition, modifications to credit ratings, scarcity of human resources, as well as developments in the technological environment. Furthermore, these factors include the ability to execute the Bank's transformation plan and in particular the successful reorganization of retail branches, the modernization of the core banking system and adoption of the Advanced Internal Ratings-Based approach to credit risk (the AIRB approach).

With respect to the anticipated benefits from the acquisition of the Canadian equipment financing and corporate financing activities of CIT Group Inc. ("CIT Canada") and statements with regards to this transaction being accretive to earnings, such factors also include, but are not limited to: the ability to realize synergies in the anticipated time frame, the ability to promptly and effectively integrate the businesses, reputational risks and the reaction of the Bank's and CIT Canada's customers to the transaction, and diversion of management time on acquisition-related issues.

The Bank further cautions that the foregoing list of factors is not exhaustive. For more information on the risks, uncertainties and assumptions that would cause the Bank's actual results to differ from current expectations, please also refer to the "Risk Appetite and Risk Management Framework" on page 37 of the Bank's Management's Discussion and Analysis as contained in the Bank's 2016 Annual Report, as well as to other public filings available at www.sedar.com.

The Bank does not undertake to update any forward-looking statements, whether oral or written, made by itself or on its behalf, except to the extent required by securities regulations.

1. CORPORATE STRUCTURE

1.1 Name, Address and Incorporation

The full name of the issuer is Laurentian Bank of Canada (the “Bank”). Its head office is located at 1981 McGill College Avenue, Montreal, Quebec, Canada, H3A 3K3.

The Bank is incorporated under the *Bank Act* (Canada). The Bank was founded in Montreal in 1846 as a savings mutual. It became a share-issuing corporation under a charter granted on April 27, 1871, pursuant to an act of the Parliament of Canada concerning savings banks. Prior to September 28, 1987, the Bank was known as The Montreal City and District Savings Bank. On that date, the Bank became a chartered bank under Schedule II of the *Bank Act* (Canada) pursuant to letters patent issued by the Minister of Finance of Canada. On January 1, 1994, Desjardins-Laurentian Financial Corporation became the majority shareholder of the Bank following its acquisition of the Bank’s parent corporation, Laurentian Group Corporation. On November 12, 1997, Desjardins-Laurentian Financial Corporation, which held 57.5% of the common shares of the Bank, sold its shares by secondary distribution. The Bank thereby became a bank listed in Schedule I of the *Bank Act* (Canada).

1.2 Intercorporate Relationships

The principal subsidiaries of the Bank are:

- B2B Bank

¹ LBEL Inc. and LBC Capital GP Inc. are respectively the limited partner and the general partner of LBC Leasing Limited Partnership

The Bank holds directly or indirectly 100% of all issued and outstanding shares of all such subsidiaries. All the foregoing subsidiaries are incorporated or continued in Canada under the provisions of a federal act, except B2B Bank Financial Services Inc., B2B Bank Intermediary Services Inc. and B2B Bank Securities Services Inc., which are incorporated under the *Business Corporations Act* (Ontario), V.R. Holding Insurance Company Ltd, which is incorporated under the provisions of an act of Barbados and LBC Leasing Limited Partnership, which is formed under the *Limited Partnerships Act* (Ontario).

2. GENERAL DEVELOPMENT OF THE BUSINESS

2.1 Three-Year History

Fiscal 2014

Fiscal 2014 was a year marked by solid financial performance, thanks, in particular, to the Bank's excellent credit quality and the implementation of effective strategies aimed at generating strong growth within priority sectors.

The following are some of the initiatives undertaken over the course of that fiscal year:

- On March 25, 2014, the Bank announced it would proceed with a public offering of \$125 million, issuing 5,000,000 Non-Cumulative Class A Preferred Shares, Series 13 fully qualifying with Basel III requirements at the price of \$25.00 per share. The offering was completed on April 3, 2014.
- On April 10, 2014, Laurentian Bank Securities held its first annual conference for institutional investors devoted to the small cap business segment. The event served to consolidate Laurentian Bank Securities positioning as a prime player in the small cap market niche, within which the firm has developed solid specialization over the last few years.
- In May 2014, B2B Bank expanded its mortgage offerings for brokers with the addition of new solutions in the form of alternative and expanded conventional mortgages, which are intended for clients with varied employment and income profiles.
- On June 15, 2014, the Bank redeemed all 4,400,000 Non-Cumulative Class A Preferred Shares, Series 10 issued and in circulation at the price of \$25.00 per share for an aggregate consideration of \$110 million.
- At the end of the fiscal year 2014, B2B Bank completed the integration of the MRS companies and AGF Trust.

The Bank and its officers also received the following distinctions:

- In February 2014, the Bank ranked among the *Montréal's Top 25 Employers 2014* in recognition of its enviable working environment. This annual ranking is an initiative of Mediagroup Canada, which also publishes the prestigious *Canada's Top 100 Employers* classification.

- Also in February 2014, two of the Bank's senior executives — then President and Chief Executive Officer of the Bank, Mr. Réjean Robitaille, and then President and Chief Executive Officer of B2B Bank, Mr. François Desjardins — were selected as being among the most influential personalities in Quebec's financial community in another prestigious ranking conducted by *Finance et Investissement* magazine.

Further information on the Bank's development during the 2014 fiscal year can be found on pages 17 to 60 of the 2014 Annual Report.

Fiscal 2015

In 2015, the Bank was successful in achieving record adjusted earnings for the ninth consecutive year, despite a challenging operating environment of persistent low interest rates and slow economic growth. The Bank's strategies to focus on business development supported accelerated growth in its priority loan portfolios. However, following the comprehensive strategic review of its retail activities completed during the fourth quarter of 2015, the Bank reviewed the value of its Retail unit (which encompasses all branch activities and other retail banking activities in Québec) and recorded a charge of \$72.2 million, which impacted results for the year on a reported basis.

Several initiatives were undertaken during this fiscal year:

- The Leasing team developed new relationships for the Bank, building a solid pipeline of potential loans and expanding its geographic footprint with new account managers in Nova Scotia, Quebec, Ontario and Alberta.
- Retail Services modified its platform in order to meet all of the regulatory requirements of the second and final phase of the Client Relationship Model adopted by the Investment Industry Regulatory Organization of Canada and approved by the Canadian Securities Administrators.
- On August 12, 2015, B2B Bank acquired a \$603 million investment loan portfolio from TD Bank Group. With this transaction, B2B Bank's portfolio of investment loans amounted to almost \$5 billion and B2B Bank welcomed 5,000 new customers.
- In September 2015, the equipment financing group of the Bank partnered with the Business Development Bank of Canada (BDC), to help manufacturers across the country acquire equipment through more flexible financing options.
- In September 2015, the Bank announced its intention to redeem on November 2, 2015, all of the outstanding \$250 million 3.70% Series 2010-1, Medium Term Notes, due November 2, 2020. As announced, the redemption took place on November 2, 2015.
- The Laurentian Bank Securities and Capital Markets sector continued its focus on gradual growth and reached over \$3 billion in assets under management.

The Bank also received the following distinctions:

- In May 2015, the Bank earned two prestigious awards presented by VISA International at the Global Service-Quality Awards in the Canadian *Highest Transaction Approval Rate* and *Electronic Commerce Effectiveness* categories. These awards acknowledge the Bank's exceptional performance and efficiency in this regard.

Further information on the Bank's development during the 2015 fiscal year can be found on pages 11 to 57 of the 2015 Annual Report.

Fiscal 2016

The Bank announced its seven-year transformation plan with three clear objectives: to achieve a return on equity that is comparable to the Canadian banking industry, double the size of the organization and build a solid strategic foundation. After 12 months, the Bank is well on its way to success. In key businesses, the Bank achieved double-digit growth targets. This, combined with expense reductions and low loan losses, allowed the adjusted return on common shareholders' equity of 12% to be maintained while the Canadian banks' average return on common shareholders' equity fell by more than 1% year over year. On a reported basis, return on common shareholders' equity was 9.6% for the year. Earnings for 2016 were impacted by additional impairment charges of \$22.1 million for the Retail unit given the persisting low interest rate environment and competitive landscape, as well as by provisions of \$16.2 million related to planned branch mergers.

Several initiatives have been undertaken during this fiscal year:

- On December 17, 2015, the Bank completed the issuance of 1,297,200 common shares for gross proceeds of \$67.5 million.
- On January 26, 2016, the Bank hosted an Investor Forum in Toronto. On this occasion, François Desjardins, President and CEO, presented his executive team and the new transformation plan, which will see the Bank become simpler, more efficient and more profitable.
- On March 17, 2016, the Bank closed its previously announced public offering of 5,000,000 Non-Cumulative Class A Preferred Shares, Series 15 at a price of \$25.00 per share for gross proceeds of \$125 million.
- On May 26, 2016, the Bank announced that - as part of its plan to rebuild its account management platform - it had selected Temenos, a software specialist in the banking and finance area, as its new banking software provider. The Temenos platform will facilitate faster time-to-market for products and services, deliver a superior customer experience through increased automation and harness the value of the data through analytics.

- The Bank and CIT Group Inc. announced on June 29, 2016, that they had reached a definitive agreement under which the Bank had agreed to acquire the Canadian equipment financing and corporate financing activities of CIT, a portfolio of approximately \$1 billion (CDN). On July 20, 2016, the Bank completed its bought deal offering of subscription receipts in relation with the anticipated closing of this transaction. A total of 3,247,600 Subscription Receipts were issued for total gross proceeds of \$155.4 million. On October 3, 2016, the Bank announced the completion of the acquisition. The equipment financing activities were regrouped under a new national subsidiary called LBC Capital Inc. This acquisition was in line with the Bank's transformation plan to increase the percentage of loans to business customers and expand its presence across Canada.
- On August 8, 2016, the Bank announced that it will be moving all of its Montreal offices, including its headquarters, into one building, beginning in 2018. It will occupy nine floors at 1360 René-Lévesque Boulevard West. This relocation, as part of the Bank's transformation plan, will ensure that the institution will be simpler and more efficient, will achieve substantial savings by optimizing space and reducing rental costs, and will foster teamwork in a collaborative environment.
- On August 31, 2016, Ms. Isabelle Courville, Chair of the Bank's Board of Directors, announced the appointment of Ms. Sonia Baxendale to the Board of Directors. Ms. Baxendale also joined the Audit Committee of the Bank.
- In response to changing customer behaviors, which have led to a reduction in the number of branch visits, the Bank announced, on September 28, 2016, that it will merge fifty branches by June 2017. These mergers will lead to a reduction of about three hundred positions, mainly through natural attrition.

Further information on the Bank's development during the 2016 fiscal year can be found on pages 14 to 57 of the 2016 Annual Report.

3. DESCRIPTION OF THE BUSINESS

3.1 General Description of the Business

The Bank is a pan-Canadian banking institution with balance sheet assets of \$43 billion and assets under management of more than \$43 billion. As of October 31, 2016, the Bank had nearly 3,600 employees on a full-time equivalent basis.

Founded in 1846, the Bank's mission is to help customers improve their financial health and it is guided by values of proximity, simplicity and honesty. The Bank caters to the needs of retail clients via its branch network based in Quebec. The Bank also stands out for its know-how among small and medium-sized enterprises and real estate developers thanks to its specialized teams across Canada. Its subsidiary B2B Bank is, for its part, one of the Canadian leaders in providing banking products and services and investment accounts through financial advisors and brokers. Laurentian Bank Securities offers integrated brokerage services to a clientele of institutional and retail investors.

Further information, including financial information, on the business of the Bank, its principal markets, products and services and distribution methods, can be found in the Schedule A to this Annual Information Form as well as in the Management's Discussion and Analysis and in the Consolidated Financial Statements on pages 14 to 116 of the 2016 Annual Report.

3.2 Additional Information Relating to the Business

3.2.1 Markets and Competition

The Bank is a successful player in specific markets in Canada. The Bank has pursued its nationwide development and for 2016, 87% of net income was generated from pan-Canadian operations.

The financial products and services industry has many types of competitors (notably Canadian chartered banks, foreign banks, trust and loan companies, financial services cooperatives, insurance companies, alternative financing companies, mutual fund companies, independent brokers and securities brokers, new financial start-ups, large companies foreign to the financial sector). The Bank competes with them in all its areas of business. In addition, the evolution of technologies has allowed new businesses to offer products and services that were traditionally offered exclusively by banks.

The main differentiation factors between suppliers of financial products and services are the rates and prices offered on products and services, service-quality, the offering and flexibility of products and services, proximity, and the technology used, among others.

The challenge is to develop a winning formula in an environment in which technology and customer behaviours are rapidly evolving and in which economic and regulatory frameworks remain challenging.

3.2.2 Loans

To control credit risks, the Bank has in place credit and financial management policies that include limits on the maximum commitment that may be made to an individual borrower, a commercial borrower or a financial institution.

Within the limits set for loans granted to commercial borrowers, sub-limits have been established to control the risks the Bank is prepared to assume in sectors deemed to entail higher risk. The sub-limits apply to individual commitments as well as to commitments for specific industries and products.

Lastly, the Bank has established lending commitment limits for each region. Its policies exclude the possibility of granting loans to entities outside Canada.

All exceptions in excess of \$2.5 million to the policies limits require the approval of the Risk Management Committee of the Board of Directors.

3.2.3 Product Development and Services

Always seeking to offer products and services that meet its clients' needs, the Bank continuously evaluates the relevance of its product offering and performs the research necessary to ensure its optimization. Product development is mainly done internally. Drawing on the expertise of the specialists of each business segment and the marketing team, it constitutes a core and regular activity of the Bank.

3.2.4 Skills and Specialized Knowledge

The success of a financial institution's business is based on, among other things, the skills and expertise of its employees. As a result, the recruitment of competent resources, continuous training and the transfer of knowledge are key activities crucial to the Bank's performance. Despite a highly competitive job market, the working conditions and challenges offered by the Bank give it access to the resources necessary for its operation. The skill of its employees is an undeniable asset for the Bank.

3.2.5 Intangible Assets

The Bank attaches great value to its trademarks and other intellectual property rights. It has registered or applied to register a number of trade names and trademarks. The Bank follows up on its rights in this area; the duration and effects involved are variable.

3.2.6 Economic Dependence

Due to the nature of its activities and resources, the Bank is generally autonomous in its operations. However, it has entered into agreements with certain suppliers which provide strategic services on an outsourcing basis. Therefore, the Bank has entered into agreements with suppliers of information technology services that cover the processing and execution of many transactions related to its central information systems and technology infrastructure. In addition, the Bank has outsourced development and maintenance activities of its office software and specialized applications to technology consulting firms.

3.2.7 Business Cycle

The Bank's business generally follows economic cycles and seasonal variations, the latter being relatively minor. Given that the second quarter usually consists of only 89 days (90 days in 2016), compared with 92 days for the other quarters, overall profitability is generally lower for that quarter, mainly as net interest income is impacted. Further information thereon can be found under the heading "Analysis of the evolution of the quarterly results" on pages 28 and 29 of the 2016 Annual Report.

3.2.8 *Environmental Protection*

Environmental legislation and regulations can give rise to certain financial risks. The Bank therefore considers environmental issues in its credit evaluation and asset acquisition procedures to ensure that its interests are reasonably protected. To date, environmental risks have had no material effect on the Bank's operations and results.

In addition, environmental protection requirements have had little impact on the Bank's activities. However, the Bank is careful to manage its resources so as to limit the impact of its activities on the environment, in particular by encouraging recycling and optimal use of physical resources.

3.2.9 *Reorganizations and Changes to Management*

The following changes involving Management Committee (now called "Executive Committee") members occurred during the course of 2014:

- On August 29, 2014, in addition to carrying out his functions as President and Chief Executive Officer of B2B Bank and Executive Vice-President of the Bank, Mr. François Desjardins had been entrusted the responsibility of Retail Services.

In 2015, several changes were made to the Executive Committee:

- On January 21, 2015, Mr. Réjean Robitaille, President and Chief Executive Officer of the Bank since December of 2006, announced his intention to retire as President and Chief Executive Officer, effective November 1, 2015.
- On February 26, 2015, the Bank's Board of Directors announced the appointment of Mr. François Desjardins as Chief Operating Officer. The Board also announced its intention to name Mr. Desjardins President and Chief Executive Officer of the Bank effective November 1, 2015.
- On April 23, 2015, Mr. Michel C. Lauzon, Executive Vice-President and Chief Financial Officer, announced his intention to retire on August 1, 2015.
- On June 4, 2015, Mr. Stéphane Therrien took over the Personal Banking unit, thus becoming Executive Vice-President, Personal and Commercial Banking.
- On June 4, 2015, Ms. Deborah Rose was appointed President and Chief Executive Officer of B2B Bank.
- On August 10, 2015, Mr. François Laurin joined the Bank as Executive Vice-President and Chief Financial Officer.
- On October 5, 2015, the following changes were made to the Executive Committee:
 - Ms. Lorraine Pilon, Executive Vice-President, Corporate Affairs, Human Resources and Secretary and Mr. Pierre Minville, Executive Vice-President and Chief Risk Officer stepped down from their position at the Bank.

- After Mr. Gilles Godbout, Executive Vice-President and Chief Information Officer, announced his intention to retire as of April 2016, Ms. Deborah Rose, the Bank's Executive Vice-President, Intermediary Banking, was entrusted the responsibility of Chief Information Officer, all the while assuming the position of President and Chief Executive Officer of B2B Bank.
- Ms. Susan Kudzman was named Executive Vice-President, Chief Risk Officer and Corporate Affairs.

In 2016, no changes were made to the Executive Committee.

Information concerning the nature and results of other material reorganizations of the Bank or its subsidiaries, is presented under the heading "Three-Year History" herein.

3.2.10 Social Policies

The Bank is concerned with being a good corporate citizen and contributing to the well-being of the community. Each year, the Bank makes donations to organizations and institutions that provide services to the public. The Bank also encourages its employees to get involved in their communities.

Equity is a principle that the Bank applies in all its activities. Determined to provide equal employment opportunities to all its employees and all potential candidates, the Bank has implemented an employment equity program. More than 50% of the Bank's managers are women.

The Bank has formed a Diversity Committee, whose mandate is to create an environment that promotes diversity and inclusion. The Committee is comprised of employer and union representatives, and employees from the different business sectors. These Committee members work to continuously evolve the Bank's diversity management practices.

3.3 Risk Factors

The information regarding the Bank's significant risk factors is presented under the headings "Outlook" on pages 19 and 20 and "Risk Appetite and Risk Management Framework" on pages 37 to 53 of the 2016 Annual Report and in Note 24 "Financial Instruments - Risk Management" on pages 108 and 109 of the 2016 Annual Report. Reference is also made to the "Caution Regarding Forward-Looking Statements" on page 2 of this Annual Information Form.

4. DIVIDENDS

Restrictions

Restrictions to the declaration and payment of dividends are described in Note 16 "Share Capital" on pages 90 to 94 of the 2016 Annual Report.

Policy

The Bank aims to pay a dividend on its common shares that falls within the range of 40% to 50% of adjusted earnings per share. The Bank's common share dividend payout ratio could, however, fall outside this range when:

- Management believes the measure is necessary to ensure that capital is maintained at an optimal level for supporting the Bank's operations, while complying with regulatory requirements, for instance as a result of significant investments in technology;
- Net earnings per share is affected by the result of operations or events of a non-recurring nature;
- Net earnings per share is at an atypical level and the forecasts indicate a return of the net income per share to a normal level.

Refer to the heading "Dividends" on page 36 of the 2016 Annual Report.

5. CAPITAL STRUCTURE

5.1 General Description of Capital Structure

Information regarding the Bank's capital structure can be found under the heading "Shareholders' Equity" on page 31 and under the heading "Capital Management" on pages 33 to 36 of the 2016 Annual Report as well as in Note 16 "Share Capital" on pages 90 to 94 of the 2016 Annual Report.

The holders of common shares are entitled to one vote for each share held at all shareholders' meetings, except meetings at which only holders of preferred shares of one or more series are entitled by law to vote. The holders of common shares are entitled to receive dividends if, as and when declared by the Board of Directors, subject to the rights of holders of preferred shares. In the event of any liquidation or dissolution of the Bank, subject to the rights of holders of preferred shares, the holders of common shares are entitled to participate rateably in any distribution of the remaining property of the Bank.

The characteristics of Non-Cumulative Class A Preferred Shares, Series 11 and Series 12 can be found in the prospectus supplement dated October 11, 2012 relating to the short form base shelf prospectus dated October 10, 2012, and more specifically on pages S-9 to S-16.

The characteristics of Non-Cumulative Class A Preferred Shares, Series 13 and Series 14 can be found in the prospectus supplement dated March 27, 2014 relating to the short form base shelf prospectus dated October 10, 2012, and more specifically on pages S-6 to S-14.

The characteristics of Non-Cumulative Class A Preferred Shares, Series 15 and Series 16 can be found in the prospectus supplement dated March 10, 2016 relating to the short form base shelf prospectus dated November 10, 2014, and more specifically on pages S-7 to S-15.

5.2 Ratings (Assigned by Credit Rating Agencies)

Information regarding the ratings assigned by credit rating agencies can be found in the following tables and under the heading “Credit Ratings” on page 49 of the 2016 Annual Report.

A rating is not a recommendation to buy, sell or hold securities and may be subject to revision or withdrawal at any time by the rating agency.

The Bank made or reasonably will be making payments to the rating agencies mentioned below in connection with the assignment of ratings. In addition, the Bank has made payments in respect of certain other services provided by each of such rating agencies during the last two years.

Standard & Poor’s (S&P)

Long-term deposits and debt	BBB	<ul style="list-style-type: none"> ▪ The BBB rating is ranked fourth of S&P’s ten long-term rating categories. ▪ An obligation rated BBB exhibits adequate protection parameters. However, adverse economic conditions or changing circumstances are more likely to lead to a weakened capacity of the obligor to meet its financial commitment on the obligation. ▪ The absence of any sign “+” or “-” means the rating is ranked in the middle of the category.
Subordinated debt	BBB-	<ul style="list-style-type: none"> ▪ The BBB rating is ranked fourth of S&P’s ten long-term rating categories. ▪ An obligation rated BBB exhibits adequate protection parameters. However, the obligation is slightly more susceptible to the adverse effects of changes in circumstances and economic conditions than obligations in higher rating categories.

On October 16, 2015, S&P’s confirmed the Bank’s ratings. Said ratings are associated with a “stable” outlook.

An S&P rating outlook assesses the potential direction of a long-term credit rating over the intermediate term (typically six months to two years). In determining a rating outlook, consideration is given to any changes in the economic or financial conditions. An outlook is not necessarily a precursor of a rating change or future action. The S&P rating outlooks have the following meanings:

- “Positive” means that a rating may be raised
- “Negative” means that a rating may be lowered
- “Stable” means that a rating is not likely to change
- “Developing” means a rating may be raised or lowered

The obligor may be vulnerable to future events, but qualifying negative factors are considered manageable. ▪ The “(Low)” designation means the securities should be considered as belonging in the lower subcategory of the category.

On November 29, 2016, DBRS confirmed the ratings of the Bank: Ratings trends are “stable”.

Rating trends provide guidance in respect of DBRS’s opinion regarding the outlook for the rating in question, with rating trends falling into one of three categories - “Positive”, “Stable” or “Negative”. The rating trend indicates the direction in which DBRS considers the rating is headed should present tendencies continue, or in some cases, unless challenges are addressed. A positive or negative trend is not an indication that a rating change is imminent. Generally, the conditions that lead to the assignment of a negative or positive trend are resolved within a twelve month period.

Ms. Orange is a member of the Audit Committee of the Bank since March 2008.

12.4 Pre-Approval Policy

The Bank has adopted a policy governing the services that can be provided by its external auditor. The policy, which applies to the Bank and its subsidiaries, specifies the pre-approval procedures by the Bank's Audit Committee of audit services, as well as other permissible non-audit services such as consultation regarding accounting standards and financial disclosure, taxation services and translation services. The policy generally prohibits the Bank from hiring its external auditor to provide certain non-audit services such as services related to: bookkeeping and the preparation of financial statements, the design and implementation of financial information systems, business or asset valuation, actuarial valuation, internal audit or to management functions. In addition, the policy sets out various restrictions on the hiring of personnel who have worked for the external auditor.

12.5 Fees for the Services of the External Auditor (Broken Down by Category)

The following table presents by category the fees billed by the external auditor Ernst & Young LLP for the fiscal years ended October 31, 2016 and 2015.

SCHEDULE B

Mandate of the Audit Committee

1. Constitution

The Audit Committee (the “Committee”) is constituted by the Bank’s Board of Directors in order to support it in exercising its oversight, communication and disclosure functions.

The Committee reviews its mandate annually.

2. Appointment and Membership

The Committee consists of at least three directors.

At the Board meeting that follows the annual meeting of shareholders, the Board of Directors appoints the directors who make up the Committee and its Chair. The Committee shall be formed of members who are not employees or officers of the Bank or a subsidiary and a majority of whom are not affiliated with the Bank. All Committee members must meet the independence requirements established by the Board and are financially literate as stipulated by *Regulation 52-110 – Audit Committee*.

Unless they are replaced in the interim by decision of the Board, the Committee members shall remain in office until the Board meeting that follows the next annual meeting of shareholders.

3. Compensation

The members of the Committee receive the compensation for their services established by resolution of the Board.

4. Meetings

The Committee meets at least once every quarter.

Committee meetings may be held without notice (provided the members waive such notice) as often as the members deem appropriate and at the location determined by them.

The Committee Chair, the President and Chief Executive Officer, the Chief Financial Officer, the officer in charge of internal audit, and the external auditor can call for a meeting to be held.

The external auditor receives notice of, and may attend, Committee meetings.

5. Quorum

Quorum at Committee meetings shall be constituted by a majority of the members.

6. Chair

As designated by the Board of Directors, the Committee Chair chairs the Committee meetings. In the Chair’s absence, the members present may elect a Chair pro tempore from among themselves.

The external auditor, the officer in charge of internal audit, and the officer in charge of regulatory risk management may communicate directly with the Chair.

7. Procedure

The procedure for Committee meetings shall be the same as that for meetings of the Board of Directors.

8. Powers of the Committee

In carrying out its mandate, if it deems appropriate, the Committee may:

- (a) call a meeting of directors;
- (b) communicate or meet privately with any officer or employee of the Bank, as well as with its internal and/or external auditors; and
- (c) call on the services of resources external to and independent of the Bank, and determine and pay the related fees in compliance with the Board’s policy regarding the use of external advisors.

9. Secretary

The Secretary of the Bank or any other officer designated by the President of the Bank shall carry out the duties of the secretary with respect to the Committee’s mandate and those assigned by the Committee Chair.

10. Functions

The Committee fulfills its statutory obligations and exercises the following functions delegated by the Board, as well as any other functions that may be delegated to it by the Board from time to time:

10.1 Oversight Functions

With respect to the external auditor:

- 10.1.1 Recommend the appointment or dismissal of the external auditor to the Board.
- 10.1.2 Ensure the external auditor’s competence, independence, and the adequacy of its resources, review and, if applicable, approve the scope of its mission and letter of engagement, and recommend its compensation to the Board.
- 10.1.3 Ensure the competence and independence of the audit firm’s partner in charge of the Bank’s account, and ensure his/her periodic rotation.

- 10.1.4 Approve the external audit plan and ensure that the scope is appropriate, risk-based, and that it addresses major areas of concern.
- 10.1.5 Approve the external auditor's oversight policy.
- 10.1.6 Approve the policy on approval of services provided by the external auditor (including non-audit-related services) and regarding the hiring of partners, employees and former partners and employees of external auditors.
- 10.1.7 Determine if a periodic comprehensive evaluation of the external auditor is necessary.
- 10.1.8 Disclose the results of the external auditor's annual evaluation, as well as the processes and criteria used to arrive at this evaluation.

With respect to financial reporting:

- 10.1.9 Oversee the integrity and quality of financial statements and ensure that the institution's accounting practices are prudent and appropriate.
- 10.1.10 Discuss the quality of financial statements with the external auditor and ensure that the financial statements fairly present the Bank's financial situation, results, and cash flows.
- 10.1.11 Discuss the audit results, financial statements and related documents, audit report and any related concern of the external auditor with Management and the external auditor.
- 10.1.12 Hold regular meetings with the external auditor (without the presence of Management) to understand all issues that may have arisen during meetings between the auditor and Management in the course of the audit and how those issues have been resolved, as well as to determine the extent to which accounting practices being used by the Bank are appropriate relative to the materiality of the item.
- 10.1.13 Review the external auditor's recommendation letter which follows the annual audit and the corresponding follow-ups, material changes to accounting practices, the main value judgments on which the financial reports are based, and how these reports are drafted.
- 10.1.14 Review the annual and interim financial statements, management's discussion and analysis, the press releases regarding annual and interim results, the annual information form, as well as any statement required by regulatory authorities prior to their publication and recommend their adoption by the Board.
- 10.1.15 Examine all investments and transactions likely to undermine the Bank's financial situation that are reported by the external or internal auditor or an officer, including loans referred to in Section 328 of the *Bank Act*, and meet with the external auditor to discuss them.
- 10.1.16 Recommend the declaration of dividends to the Board and review the related press release.
- 10.1.17 Review the annual financial statements of the subsidiaries supervised by the Office of the Superintendent of Financial Institutions (Canada) and recommend their adoption by the Board of Directors of each of the subsidiaries.
- 10.1.18 If applicable, review and approve transfers of tax between the Bank and its subsidiaries.
- 10.1.19 Review and approve the financial statements of the pension plans offered by the Bank to its employees.

With respect to the internal audit function:

- 10.1.20 Approve the charter of the internal audit function.
- 10.1.21 Approve the selection of the officer in charge of internal audit and ensure his/her competence and independence.
- 10.1.22 Ensure that internal audit activities have a sufficient status, degree of independence and visibility, and that they are subject to periodic reviews.
- 10.1.23 Approve the internal audit plan and ensure that its scope is appropriate, risk-based, that it addresses major areas of concern, and that it is reviewed with appropriate frequency.
- 10.1.24 Discuss his/her material findings and recommendations with the officer in charge of internal audit, and follow up thereon.
- 10.1.25 Periodically review the performance of the officer in charge of internal audit.

With respect to internal controls:

- 10.1.26 Ensure that Management implements appropriate internal control and management information systems, review, assess and approve such systems, and ensure their integrity and effectiveness, including the elements comprised in any certification required by regulations.
- 10.1.27 Meet with the external auditor, the officer in charge of internal audit and Management to discuss the effectiveness of the implemented internal control and management information systems and the measures taken to rectify any material weaknesses and deficiencies.

10.1.28 Ensure that Management implements procedures regarding the receipt, retention and handling of complaints received with respect to accounting and internal accounting or audit controls, as well as regarding anonymous submissions by employees on questionable accounting or audit matters.

10.1.29 Approve the policy on the handling of complaints and comments about suspicious accounting activities and ensure the policy is respected.

With respect to supervisory agencies:

10.1.30 Meet with regulatory authorities, discuss their findings and recommendations, and follow up thereon.

10.2 Communication and Disclosure Functions

10.2.1 Approve the way by which shareholders and other stakeholders can communicate with the Bank.

10.2.2 Ensure that adequate procedures are in place to examine communication of financial information to the public excerpted or derived from financial statements.

10.2.3 Recommend to the Board of Directors that they approve the financial information disclosure policy and ensure the policy is respected.

10.2.4 Report to shareholders on the Bank's performance.

11. Reporting

The Committee reports on its activities to the Board of Directors verbally at the Board meeting that normally follows the Committee meeting, and in writing at the subsequent Board meeting.

The Committee also reports yearly on its activities to shareholders during the course of the annual shareholders' meeting.
